

## WIPL/ISSF report for the AGM

The WIPL/ISSF group holds regular .22LR and center fire pistol matches and practices in the Western International Pistol League, under the rules set by the International Shooting Sports Federation (ISSF) for Olympic and Paralympic events. Occasionally the WIPL/ISSF club practices in the ISSF/SFC rifle disciplines.

Club members won several medals at the last BC Provincial Championships, and placed well at the last Canadian Championships. Club members also dominated WIPL 2022-2023 league, including all the first places in all individual and team matches.

The 2024 BC Small Bore Provincials are scheduled to be held at our club on April 20 and 21 of this year, including both pistol and rifle events.

Currently, the ISSF Olympic and Paralympic disciplines offer one of the very few paths to handgun ownership in Canada. Our WIPL members are happy to introduce other Club members to the discipline.
